LSA & FFE SERVICES

(Life Saving Appliances & Fire Fighting Equipment)

We provide complete inspection, servicing, installation, and certification of LSA & FFE in compliance with SOLAS and IMO regulations. Our certified technicians ensure all safety equipment is fully operational, compliant, and ready for inspection at all times.

Inspection & Servicing

- Lifeboats & rescue boats inspection and maintenance
- Life rafts inspection (authorized service stations)
- Fire extinguishers inspection, refilling & hydrostatic testing
- Fire detection & alarm systems testing
- Fixed fire-fighting systems (CO₂, Foam, FM-200) inspection
- Breathing apparatus (SCBA/EEBD) testing & servicing
- Emergency lighting & fireman outfit checks

Installation & Supply

- Supply of approved LSA & FFE equipment
- Installation of fire extinguishing systems
- Lifeboat & davit system installation
- Fire detection and alarm system installation
- Safety signage & IMO symbols supply and fitting

Testing & Certification

- Load testing of lifeboats, davits & cranes
- Pressure testing of cylinders & tanks
- Annual, intermediate & 5-yearly inspections
- Winches, hoists & lifting gear testing
- Gangway & accommodation ladder load testing
- Lifting accessories testing (shackles, slings, hooks, pad eyes)

Underwater Inspection & Hull Cleaning Services

- Hull inspection by certified commercial divers
- Propeller, rudder & sea chest inspection
- Damage assessment with photo & video reporting
- Pre-docking and post-repair condition survey
- Thickness measurement support (as required)
- Underwater hull cleaning by diver or ROV system
- Removal of marine growth, algae & fouling
- Propeller polishing for improved efficiency
- Fuel consumption reduction support
- Eco-friendly cleaning methods (as applicable)
- Before & after inspection report with visuals
- Underwater minor repairs & blanking operations
